Live Broadcasting: <http://www.uninettunouniversity.net/portal/en/livestreaming.aspx>

Lifelong Learning Programme
ERASMUS Multilateral Project
Cooperation between Universities and Enterprises

The International Telematic University UNINETTUNO and the European partners presents the new approaches of Life Long Learning for trans-national, flexible open and “social” enterprises

We are pleased to invite you to the final event of CBVI - CROSS-BORDER VIRTUAL INCUBATOR, a project funded by the European Union in the frame work of the Lifelong Learning Programme meant to promote entrepreneurship and incubation processes aimed at economic development. This initiative will take place on Tuesday the 29th January 2013, at 10:00 in Rome, in the premises of the International Telematic University UNINETTUNO, in Corso Vittorio Emanuele 39.

This event is aimed at presenting the results gained during the CBVI - CROSS-BORDER VIRTUAL INCUBATOR Project, consisting in the promotion of entrepreneurship and incubation processes aimed at the development of the areas involved and in the exchange of knowledge among the partners. The CBVI - CROSS-BORDER VIRTUAL INCUBATOR specific objective is to promote training related entrepreneurship issues in virtual environments. The meeting will gather, on the spot and by video streaming, the representatives of the European Universities and Enterprises that cooperated in the project implementation.

Exploitation event will be broadcasted live:

URL: <http://www.uninettunouniversity.net/portal/en/livestreaming.aspx>

Being convinced of that fact that this issue could be for you and for the organisation you represent an interesting occasion for getting a deeper insight and exchanging views in an international academic and business environment, we hope that you will be able to take part in this initiative. For further details on CBVI, we invite you to visit the websites: <http://www.eadtu.eu/cbvi.html>
