

Titolo del libro
Calculus II part I

Order number
1105120244465

Numero pagine
368

Insegnamento
Calculus II (in inglese)
Metodi Matematici per l'Ingegneria (in italiano)

Docente responsabile dell'insegnamento
Prof. Alessandro Verra, Clemente Cesarano

Curatore
Clemente Cesarano, Università Telematica Internazionale UNINETTUNO

Anno Edizione
2012

ISBN
ISBN-13 9781121765337
ISBN-10 1121765335

CAPITOLI

i. Introduction: Instructor submitted material

1. 10.1 Vectors in the Plane: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
2. 10.2 Vectors in Space: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
3. 10.3 The Dot Product: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
4. 10.4 The Cross Product: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
5. 10.5 Lines and Planes in Space: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
6. 10.6 Surfaces in Space: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
7. Review Exercises: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
8. 11.1 Vector-Valued Functions: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
9. 11.2 The Calculus of Vector-Valued Functions: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
10. 11.3 Motion in Space: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007
11. 11.4 Curvature: Chapter from *Calculus: Early Transcendental Functions, Multivariable, Third Edition* by Smith, Minton, 2007

12. 11.5 Tangent and Normal Vectors: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
13. 11.6 Parametric Surfaces: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
14. Review Exercises: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
15. 12.1 Functions of Several Variables: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
16. 12.2 Limits and Continuity: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
17. 12.3 Partial Derivatives: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
18. 12.4 Tangent Planes and Linear Approximations: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
19. 12.5 The Chain Rule: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
20. 12.6 The Gradient and Directional Derivatives: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
21. 12.7 Extrema of Functions of Several Variables: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
22. 12.8 Constrained Optimization and Lagrange Multipliers: Chapter from Calculus: Early Transcendental Functions, Multivariable, Third Edition by Smith, Minton, 2007
