

**Titolo del libro**  
*Calculus II part II*

**Order number**  
1105120244464

**Numero pagine**  
588

**Insegnamento**  
*Calculus II (in inglese)*  
*Metodi Matematici per l'Ingegneria (in italiano)*

**Docente responsabile dell'insegnamento**  
*Proff. Alessandro Verra, Clemente Cesarano*

**Curatore**  
*Clemente Cesarano, Università Telematica Internazionale UNINETTUNO*

**Anno Edizione**  
2012

**ISBN**  
*ISBN-13 9781121765320*  
*ISBN-10 1121765327*

## **CAPITOLI**

- i Introduction: Instructor submitted material
- 1. Infinite Series: Chapter 9 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.1 Sequences of Real Numbers: Section 9.1 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.2 Infinite Series: Section 9.2 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.3 The Integral Test and Comparison Tests: Section 9.3 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.4 Alternating Series: Section 9.4 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.5 Absolute Convergence and the Ratio Test: Section 9.5 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.6 Power Series: Section 9.6 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.7 Taylor Series: Section 9.7 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.8 Applications of Taylor Series: Section 9.8 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.9 Fourier Series: Section 9.9 from *Calculus, Fourth Edition* by Smith, Minton, 2012
  - 1.10 Review Exercises: Section from *Calculus, Fourth Edition* by Smith, Minton, 2012
- 2. Basic Concepts: Chapter 1 from *Schaum's Outline of Differential Equations, Third Edition* by Bronson, Costa, 2006
- 3. An Introduction to Modeling and Qualitative Methods: Chapter 2 from *Schaum's Outline of Differential Equations, Third Edition* by Bronson, Costa, 2006
- 4. Classifications of First-Order Differential Equations: Chapter 3 from *Schaum's Outline of Differential Equations, Third Edition* by Bronson, Costa, 2006

5. Exact First-Order Differential Equations: Chapter 5 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
6. Linear First-Order Differential Equations: Chapter 6 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
7. Applications of First-Order Differential Equations: Chapter 7 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
8. Second-Order Linear Homogeneous Differential Equations with Constant Coefficients: Chapter 9 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
9. The Method of Undetermined Coefficients: Chapter 11 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
10. Initial-Value Problems for Linear Differential Equations: Chapter 13 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
11. Applications of Second-Order Linear Differential Equations: Chapter 14 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
12. Variation of Parameters: Chapter 12 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
13. Linear Differential Equations: Theory of Solutions: Chapter 8 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
14. Separable First-Order Differential Equations: Chapter 4 from Schaum's Outline of Differential Equations, Third Edition by Bronson, Costa, 2006
15. Complex Numbers: Chapter 1 from Complex Variables and Applications, Eighth Edition by Brown, Churchill, 2009
16. Analytic Functions: Chapter 2 from Complex Variables and Applications, Eighth Edition by Brown, Churchill, 2009
17. Elementary Functions: Chapter 3 from Complex Variables and Applications, Eighth Edition by Brown, Churchill, 2009
18. Integrals: Chapter 4 from Complex Variables and Applications, Eighth Edition by Brown, Churchill, 2009
19. Series: Chapter 5 from Complex Variables and Applications, Eighth Edition by Brown, Churchill, 2009
20. Fourier Series: Chapter 1 from Fourier Series and Boundary Value Problems, Eighth Edition by Brown, Churchill, 2012
21. Convergence of Fourier Series: Chapter 2 from Fourier Series and Boundary Value Problems, Eighth Edition by Brown, Churchill, 2012
22. Churchill, 2012
23. Laplace Transforms: Chapter 8 from Differential Equations for Engineers and Scientists by Cengel, Palm, 2013
