

<b><i>Public Health</i></b>	
<b>Level</b>	Master I livello
<b>Scientific Committee</b>	Prof. Alberto Romolini, Prof. Paolo Agnese, Prof.ssa Manuela Rinaldi, Prof.ssa Silvia Massi, Prof. Maurizio Cavallari, Prof.ssa Adriana Neri, Prof.ssa Francesca Maschio
<b>Educational Objectives</b>	<p>The Master di Primo Livello in Public Health is designed to provide students with advanced knowledge and practical skills to address health challenges at local, national, and global levels. The program offers a strong foundation in global public health, health law, policy and ethics, public health management and leadership, and statistical methods in epidemiology, supported by solid training in research methods and an applied project.</p> <p>Through a range of specialized electives, including project management in public health, health systems financing and economics, globalisation, migration and public health challenges, and current topics in international health policy, the program aims to prepare graduates for professional roles in public health organizations, NGOs, international institutions, and health policy bodies, fostering analytical skills, leadership competencies, and a global health perspective.</p>
<b>Career Opportunities</b>	<ul style="list-style-type: none"><li>• Public Health Officer</li><li>• Health Policy Analyst</li><li>• Public Health Project Coordinator</li><li>• Global Health Program Officer</li><li>• Community Health Program Manager</li><li>• NGO Program Officer</li><li>• Health Data Analyst</li><li>• Public Health Research Assistant</li><li>• Health Systems Analyst</li><li>• International Health Program Coordinator</li><li>• Public Health Consultant</li></ul>
<b>Admission Requirements</b>	Bachelor's Degree
<b>Admission Method</b>	Qualification assessment
<b>ECTS</b>	90
<b>Duration of the Programme</b>	18 months
